or of this Borth Carolina Town and Adjacent Country -- Proposed Branch Road to Atlantic Coast Line.

MURFREESBORO', N. C., }

To the Editor of the Dispatch : I see your business men are clamor-ng for business (ootton and tobacco). t is to be hoped that they will not stop t this, but claim and make an effort to andle all the products of the soil and the of the sea. The latter is quite an tem in the way of shipping. In the pring of each year many millions are aken from our waters. We raise cotn, corn, peas, peanuts, potatoes, and, fact, almost any and everything we

Have a fine soil for fine tobacco, but ving no convenient market for it.

Can raise vegetables of almost all kinds in profusion, but not to advantage, owing to insufficient and very slow transportation. There are vast tracts of timber still standing in the interior waiting for the woodman's axe and the team-horse to make their walting for the woodman's axe and the steam-horse to make their appearance. Our climate is mild and healthful. The productions of the soil are increasing rapidly, and would double soon with railroad shipping facilities.

We want an outlet to the world

through your city, and wish to become more intimate and better acquainted

with your people.

While your business-men are in search of cotton, tobacco, &c., the very stuff we raise and want a market for, we are clamoring and are very much excited over the railroad quesn, a survey now being made by the eaboard company west of us.

If they should build this road—and

we have good reason to believe they will-it will affect our business very materially unless we can get an outlet to your city. This would give us many advantages over their line and

the business-men located on it.
We would like to join the businessmen of your city and Petersburg in an
effort to induce the authorities of the Atlantic Coast Line to give us a branch ailroad from Garysburgh or Hicks-The Meherrin-Valley road is for sale,

it extends from Hicksford, Va., to Margarettsville, N. C., seventeen miles. From thence along the Valley to our place is about fifteen miles. This road would open up a very productive section,

ampton, and would give a road lots of business. The county is level, con-tains much timber, and is tolerably thickly settled.

Our place contains about 800 people, has twenty-five business-houses, one bank, one hotel, one male and two fine female schools, (colleges.) We ship about 5,000 bales of cotton annually, and use much guano and many goods; are now building a nice fair-ground, with good buildings. Hope your manufacturers will take some interest

any point except Winston, which is about 5,000 bales of cotton; that of Harrellsville, I think, is about the same. There are many depots along the line, which will swell receipts to fine paying

figures.

The fish business, as I have stated before, is big, and can be controlled by

Much of the country is destined to trucking, and what a garden it will make-nothing needed but a live railroad. We are now twenty-four hours from Baltimore via the Seaboard railroad and Bay Line, with many changes on the way, and only ten hours by the way mentioned.

Is this not enough to induce all ship-pers to patronize the proposed line and to cause the Coast Line to give us a road when convinced that it will pay? An examination of our very pressing needs, our situation and resources, will beyond question produce convic-

The question now arises, How shall we get the matter properly before the authorities of the road? A suggestion from you and the business-men of your city will give us much relief, and I think will be heartily accepted. Strike quickly, strike often, and

condence of the Richmond Dispatch. DURHAM, N. C., June 23, 1886. The impression has prevailed since our recent local-option election that, al-though the people voted for license by a small majority, our town commis-sioners, who were elected in May upon this issue, being Prohibitionists, would this issue, being Prohibitionists, would not grant licenses; but at a meeting of the Board yesterday afternoon all the dealers obtained license except two on Church street.

A large and enthusiastic mass-meet-

A large and enthusiastic mass-meeting of our citizens was held at Stokes's Hall to consider the matter of subscription to the Durham and Lynchburg railroad. Several speeches were made, and the colored people expressed themselves as strongly in favor of the railroad. It is confidently believed that the subscription of \$100,000 will be expressed by a large majority. carried by a large majority.

Our town authorities have recently signed the contract for water-works, and the work will be commenced within ten days. We very much need pure water for our town, for as our population in-creases the supply now obtained from wells is at times wholly inadequate for our purposes, and being without a fire lepartment our rates of insurance have

been onerous to our people.

Mr. Eugene Morehead and family left,
yesterday for Morehead City, where
they will remain several weeks.

Mr. J. S. Can and lady left this morning for Oxford, N. C., where St. John's day (24th) will be celebrated with much ceremony, and the orphan asylum at that place may reap great advantage from the large gathering of Masons.
